**Item 3: Consideration and vote on a fence at 1402 E. 303<sup>rd</sup>, Legacy Contractors, applicant.**

Planner Gotfredson presented the background of the request for approval of the request for a chain link fence around playground equipment at Lighthouse Presbyterian Church. He described the location and size of the proposed area to be fenced. He indicated that his finds are that the application is consistent with Section 03.211(C) of the Land Development Ordinance and that he recommends approval of the application.

Commissioner Cowman he stated he was unsure if a hedge would be required or not by looking at the requirements in the LDO. Planner Gotfredson explained that he interpreted that an approval would require installation of hedges.

The applicant, Rob George, informed Commissioners that the church has several master gardeners as members and he didn't feel that requiring installation of hedges would be an issue.

Commissioner Wrischnik asked if wire mesh was the same as chain link and Planner Gotfredson confirmed that it was.

*Commissioners Cowman and Hardwick made a motion to approve installation of a chain link fence at 1402 East 303<sup>rd</sup> along with the required hedge/landscaping. All Commissioners voted in favor.*
